

## Installation Details

Location: Palm Beach Hotel Hammamet, Tunisia

Model:  Vulcan S25

- Purpose:
1. To protect the hot water circuit, the kitchen and the Spa
  2. To use an eco-friendly solution, without chemicals
  3. To reduce the workload of cleaning the pipes with high pressure water gun

Installer: STPE+

## Palm Beach Club Hammamet

The hotel is located on one of the most beautiful beaches of the Gulf of Hammamet, in a magnificent 5 acres garden.

All rooms have sea, garden or pool views with terrace or balcony.

After Vulcan S25 had been installed for **6 months**, the boiler was opened: scale had been softer and left out.

The scale deposits were easily removed with a water gun.

The scale deposits were drained out of the boiler with ZERO chemical.
